2011 Workshop: Arecibo Friends

Long title
Arecibo Friends
Conveners
S. Gonzalez
Description

This workshop will begin with an Arecibo science overview, highlights for the past year and plans for the near future from our staff and users. After these introductory sections, we will have a brief discussion describing the latest news on the Arecibo Observatory budget and re-competition situation.

Justification

This workshop will begin with an Arecibo science overview, highlights for the past year and plans for the near future from our staff and users. After these introductory sections, we will have a brief discussion describing the latest news on the Arecibo Observatory budget and re-competition situation.
