Interesting News

- The Division of Atmospheric Sciences (ATM) becomes the Division of Geospace and Atmospheric Sciences (AGS) on Oct 1, 2009.
- We are in urgent need of somebody to take over AER from Cassandra Fesen who leaves in late September.
- Bob Robinson won an award as an outstanding Program Manager yesterday at the NSF awards ceremony.
- HAO has announced that Michael Knoelker is stepping down in Sept 2009 and a broad search will be conducted.

Don't cry for AMISR Argentina

- Thanks to Diego Janches, we have made significant progress with Argentina (both gov't and universities) and it now looks likely one AMISR face will move to Argentina (Arecibo's conjugate point) within 4 years.
- A small workshop will be held in Buenos Aires this November to further plans
- AND....

Canada Foundation for Innovation

Successful proposal for funding to complete the third AMISR face looking south over Canada from Resolute Bay
