# New CSSC Chair-Elect

Our incoming Chair-Elect is...

**Dr. Lynn Harvey**

from LASP in Boulder, Colorado.

Lynn and I will work as Co-Chairs over the coming year. She will take over as sole chair at the end of the 2025 workshop.

Please join me in congratulating Lynn, and warmly welcoming her as our new Chair-elect!

# Feedback

The CSSC works hard to make this meeting meet your needs, and so we always value your feedback! Some specific comments we heard this year include:

- ☐ The GC plenary panel was well received.
- ☐ The venue here in San Diego is well-liked, but is expensive for students.
- ☐ More sophisticated agenda queries – e.g. list all presentations by a given author.
- ☐ Student mentor lunch could be better organized – some tables had no mentor.
- ☐ Proposed joint CEDAR/GEM workshop is very popular.

# Student Representatives

Please join me in thanking our student representatives:

❑ **Andrew Pepper** and

❑ **Sophie Phillips**

For their **absolutely outstanding** work in looking after all student-related aspects of this workshop and of CEDAR work in general over the last year.
